Shopping trolley shelter

Higher level of protection

During the day, your customers have access to dry, neat and tidy shopping trolleys. At night, your shopping trolleys have all-round protection against theft and the elements in the Sigma shelter with roller shutter and acrylic glazing.

Ease of use

The Sigma trolley shelter can be opened and closed electrically or mechanically. With the convenient electric version, the roller shutter can be operated using a key switch.

■ The **Sigma trolley shelter** for car parks at busy stores blends in well with any environment. Its versatility opens up new opportunities for a variety of customer needs. A roller shutter turns your trolley shelter into a garage for your trolleys, keeping them clean and in better condition for longer. Lighting for Sigma trolley shelters catch the eye at night and help customers to find their way around stores with long opening hours. After closing time, the all-round glass enclosure and the lockable roller shutter securely protect your shopping trolley assets against theft.

Simple, clean lines

With its clear design, the new Sigma trolley shelter communicates the store's brand and cleanliness values even from the car park. Versatile and open to a wide array of customer needs. The trolley shelter is also available with optional, vandal-proof aluminium cladding.

Design freedom

The aluminium profiles of the Sigma shelter are also available in attractive standard colours or in a bespoke colour of your choice to suit your store's CI.
