

# 01.01 KT2 order picking trolleys

*Lightweight and compact*

> *Only 405 mm wide – perfect for narrow aisles*

> *Load capacity up to 150 kg*

KT2 basic model with accessories

**Standard equipment:** chassis made of square tubing and a welded bottom tray. Side panels made of square tube frame with wire grate, inserted into chassis and riveted into place.

**Castors:** 2 fixed castors, 2 swivel castors, Ø 100 mm. Elastic tread, blue.

**Surface finish:** high gloss, galvanised, chrome-plated.

**Suitable for standard boxes**

The KT2 can also easily transport standard boxes.

# 01.01 KT2 order picking trolleys

## Optional accessories

### Wire tray

Thanks to the narrow mesh size of 5 x 5 mm, your small items are secure.

### Blackboard

The coated metal plate can be written on with a piece of chalk.
