

YourTable Switch

The all-rounder at the POS

YourTable Switch

■ **YourTable Switch is the perfect all-rounder** to create more attention and more flexibility at the POS. This sales system always presents your products on offer in a unique, exciting and varied way – customers will find it hard to resist.

The YourTable Switch is a table, shelf and tiered display stand all-in-one.

This unique multi-functionality of the YourTable Switch is made possible by its smart design, which allows effortless conversion for flexible use with its practical accessories.

It is this which makes it a valuable tool on the sales floor. You will be impressed by the YourTable Switch.

- *Table, shelf and tiered display stand*
- *Flexible adaptation to different product groups*
- *Mobile for quick changes of location*
- *Customised colour and finish combinations*

YourTable Switch

One system – many possibilities

■ **YourTable Switch boosts additional sales** and makes cross-selling a cinch. Designed as a presentation staircase, it gives fruit and vegetables, but also herb pots, fine dressings or nuts a striking stage. Customers will find it hard to resist.

■ **With its warm wood finishes** and sophisticated metal surfaces, the YourTable Switch becomes a focal point as a presentation table.. Refined product combinations or highlights from your wine section can be perfectly arranged and highlight your product range expertise.

YourTable Switch

Flexible adaptation – the wild card at the POS

■ **It is a well-known fact that the checkout area shapes the last impression.** A good reason, therefore, to bid customers farewell with an attractive flower presentation. This, of course, is a job for the YourTable Switch and its handy inserts to skilfully generate an impulse to buy over the last few metres in the store.

■ **The YourTable Switch is perfect as a shelf** and the bulk goods inserts are also ideal for the drugstore section. Product range highlights and special offers will thus attract a lot of attention from buyers.

YourTable Switch

■ **Thanks to its ingenious construction**, the YourTable Switch can be converted to the desired presentation system without the use of tools in next to no time in just a few steps. Thanks to the convenient tilting mechanism, your product presentation is always at its best.

IN JUST A FEW STEPS,
convert from a sales table to a presentation table to a shelf

More customisation

High-quality surfaces, interesting mix of materials – the wide variety of colour variants and finishes for the YourTable Switch provide a lot of scope for individuality.

Variable inserts

From wire or wicker baskets, wooden shelves to flower inserts, the YourTable Switch can be optimally adapted to your product category.

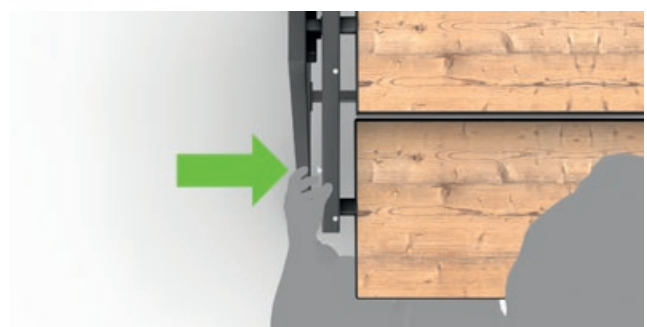

■ The shelf can be adjusted to 0°, 17.5°, 30° angles.

FOR OPTIMAL PRESENTATION,
shelf inclinations can be adjusted

Intelligent pinch protection

The YourTable Switch protects hands and fingers.
A smart protective mechanism offers maximum
protection from injuries.

Quick changes of location

The YourTable Switch is fitted with smooth-running
castors. Changes of location within the store are
therefore done in a jiffy. This saves valuable time.
